

## For the ultimate hotel guest room experience.

Take the TV experience to a different level with Beosound Stage, a beautifully crafted soundbar that sounds as good as it looks. Bringing rich and powerful Bang & Olufsen sound to your guests experience. Beosound Stage enhances viewing pleasure with a combination of the latest in audio technology and seamless design - as well as being powerful enough to avoid the need for a separate subwoofer.

Beosound Stage is designed as an interior piece rather than a technology product, where exclusive and functional materials combine Scandinavian simplicity with state-of-art audio technology. And with flexible placement options the soundbar becomes part of your décor, blends in and stands out beautifully with your interior décor.

**50 words:**  
A soundbar bringing Bang & Olufsen sound to your TV and designed as an interior piece. Beautifully crafted, Beosound Stage is powerful enough to avoid the need for a separate subwoofer and offers an extraordinarily high-performing all-in-one solution that stands out for its sound performance and minimalist design.

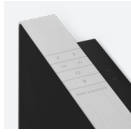

**100 words:**  
A soundbar bringing Bang & Olufsen sound to your TV and designed as an interior piece. Beautifully crafted, Beosound Stage is powerful enough to avoid the need for a separate subwoofer and offers an extraordinarily high-performing all-in-one solution that stands out for its sound performance and minimalist design. By offering a 3 channel sound system with superior centre channel and left/right stereo, spiced with Dolby Atmos you achieve exceptional performance flexibility, filling the room with sound. The integrated audio streaming technologies Chromecast built-in, Apple AirPlay 2 and Bluetooth make for an amazing multiroom enabled music system in its own right.
